CHALLENGER FOR SALE

Wilber Hemmer has his damaged Challenger II for sale. While he was in Florida, high winds caused his hangar to give way and do some damage to his aircraft.

He is not able to rebuild it and is not sure of all the damage problems.

Anyone interested in possibly acquiring this aircraft should call or e-mail Wilber.

He is not sure if he will be able to attend our next chapter meeting.

President's Column

In just a couple of months, we'll be awaiting next weekend's chapter breakfast back at Midwest Aviation. I, for one, can't wait. I enjoy seeing people eating, talking to friends, watching and listening as another airplane taxis to a parking spot. Then, of course, many of us have to go out and "inspect" that airplane.

Warm weather means more flying, and I'm looking forward to visiting some places that I haven't been to in a while. Places like Lambert's Café in Sikeston, or the airport restaurant at the Dexter, MO airport. And, don't forget what's in our backyard, Wilkie's at Mt Vernon.

I hope to see you at the meeting on Monday evening. We can talk about food some more.

Steve Schlager, President
